Re: NFL Player Disability & Neurocognitive Benefit Plan – Final Decision on Review

Dear Mr. McGahee:

On November 22, 2022, the Disability Board of the NFL Player Disability & Neurocognitive Benefit Plan (“Plan”) considered your appeal from the earlier denial of your application for total and permanent disability benefits under the Plan (“Plan T&P benefits”). We regret to inform you that the Disability Board denied your appeal. This letter explains the Disability Board’s decision; it identifies the Plan provisions on which the decision was based; and it explains your legal rights.

Discussion

On February 26, 2020, the Plan received your completed application for Plan T&P benefits, which raised orthopedic, neurologic, cognitive, and psychiatric impairments as the basis for your disability.

As you know, on February 17, 2021, the Disability Initial Claims Committee (“Committee”) reviewed your application along with the reports of four Plan Neutral Physicians: orthopedist, Dr. Kevin Kessler; neurologist, Dr. George Diaz; neuropsychologist, Dr. Tom Crum; and psychiatrist, Dr. Martin Strassnig. These Neutral Physicians are specialists in the medical fields encompassing your claimed impairments. After reviewing your records and evaluating you, none reported that you are totally and permanently disabled. Based on those findings, the Committee denied your application under Plan Section 3.1(c) because no Plan Neutral Physician had found that you are unable to engage in any occupation for remuneration or profit.

On August 26, 2021, your representative, Sam Katz, appealed the Committee’s initial decision to the Disability Board and argued that the Neutral Physicians failed to identify specific jobs you can perform and the Committee failed to consider the cumulative effect of your impairments.

At its May 18, 2022 meeting, the Disability Board tabled your appeal for neutral evaluations due to circumstances beyond your control.

On appeal you were referred for additional evaluations with four new Plan Neutral Physicians in accordance with Plan Section 3.3(a) and the Plan’s claims procedures. You were evaluated by orthopedist, Dr. Herndon Murray; neurologist, Dr. Matthews Gwynn; neuropsychologist, Dr. Jason

Page 2

King; and psychiatrist, Dr. Matthew Norman. Like the Plan Neutral Physicians who evaluated you at the initial level, these Plan Neutral Physicians are specialists in the medical fields encompassing your claimed impairments. By report dated August 2, 2022, Dr. Murray opined that you are not totally and permanently disabled by your orthopedic impairments and can engage in light level work. By report dated July 18, 2022, Dr. Gwynn determined that you are not totally and permanently disabled and have no neurological impairments. By report dated July 28, 2022, Dr. King found that he was unable to determine whether you are totally and permanently disabled due to unreliable and invalid cognitive test results. By report dated July 20, 2022, Dr. Norman concluded that you are not totally and permanently disabled and can engage in any occupation without psychiatric restrictions.

By letter dated August 2, 2022, the NFL Player Benefits Office provided you and Mr. Katz with a copy of the Neutral Physicians' reports and advised that you had the right to respond before the Disability Board issued a final decision on your appeal. By letter received August 15, 2022, Mr. Katz argued that the Neutral Physicians failed to cite a particular job you could perform and failed to consider the cumulative effects of your impairments.

At its November 9, 2022 meeting, the Disability Board reviewed the record and tentatively found that you are ineligible for Plan T&P benefits. On November 22, 2022, the Disability Board unanimously decided that you are ineligible for Plan T&P benefits and authorized transmission of this letter explaining its decision. Section 3.1(c) of the Plan states that, for a Player to be eligible for Plan T&P benefits, at least one Plan Neutral Physician must conclude that the Player is substantially unable to engage in any occupation for remuneration or profit (the Plan's standard for Plan T&P benefits). If no Plan Neutral Physician renders this conclusion, then "the Player will not be eligible for and will not receive Plan T&P benefits, regardless of any other fact(s), statement(s), or determination(s), by any other person or entity, contained in the administrative record." In your case, the Disability Board found that you did not meet this threshold requirement because you have been evaluated by eight Neutral Physicians and none found that you are totally and permanently disabled.

The Disability Board noted that Mr. Katz's comments concerning the cumulative effect of your impairments cannot override the express requirements of Plan Section 3.1(d). Further, the Disability Board noted that Mr. Katz was critical of the Plan Neutral Physicians for failing to identify a specific job that you could perform. The Board rejected this argument because the Plan utilizes an "any occupation" standard, and Plan Neutral Physicians opine, specifically, on whether a Player satisfies this standard. Overall, the Disability Board found no deficiencies or inaccuracies in the Neutral Physicians' reports. For this reason, the Disability Board rejected Mr. Katz's arguments on appeal and credited the Plan Neutral Physicians for the following reasons. First, Neutral Physicians are specialists in the medical fields encompassing your claimed impairments, and they have experience evaluating Players and other professional athletes. Second, the Plan's Neutral Physicians reviewed all of the records you submitted, performed thorough evaluations of you, and provided complete and detailed reports of your condition. Third, the Disability Board found that the conclusions of the Plan's Neutral Physicians were consistent, in that none of them concluded that you are total and permanently

Page 3

disabled and incapable of employment. Finally, the Plan's physicians are absolutely neutral in this process because they are jointly selected by the NFL Players Association and the NFL Management Council; they are compensated in flat-fee arrangements, irrespective of the outcome of any particular evaluation; and they are contractually obligated to conduct thorough examinations, free of bias for or against Players. The Disability Board has no doubt that the Plan's Neutral Physicians fully understand the obligation to conduct fair and impartial Player evaluations, and that they have done so in your case.

Plan Section 3.2(a) allows a Player to qualify for Plan T&P benefits if he is receiving Social Security disability benefits, notwithstanding the eligibility requirement otherwise imposed by Section 3.1(c). You have not presented evidence that you currently receive Social Security disability benefits.

For these reasons, the Disability Board denied your appeal.

Please understand the Disability Board is required by federal law to follow the terms of the Plan. Where, as here, you do not satisfy the terms of the Plan, federal law requires the Disability Board to deny your appeal, regardless of how sympathetic individual members of the Disability Board may be to your circumstances.

Legal Rights

You should regard this letter as a final decision on review within the meaning of Section 503 of the Employee Retirement Income Security Act of 1974, as amended, and the regulations issued thereunder by the Department of Labor. To obtain further review of this decision, you have the right to bring an action under Section 502(a) of the Employee Retirement Income Security Act of 1974, as amended. Under Plan Section 13.4(a) you must file such an action within 42 months from the date of the Board's decision. Your deadline for bringing such an action therefore is May 22, 2026.

This letter identifies the Plan provisions that the Disability Board relied upon in making its determination. Please note that the Plan provisions discussed in this letter are set forth in the "Relevant Plan Provisions" attachment. These are excerpts, however. You should consult the Plan Document for a full recitation of the relevant Plan terms. The Disability Board did not rely on any other internal rules, guidelines, protocols, standards, or other similar criteria beyond the Plan provisions discussed herein.

You are entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim for benefits, including the governing Plan Document.

Relevant Plan Provisions

Plan Section 3.1 sets forth the standards for determining whether a Player is totally and permanently disabled. It states, in relevant part:

(c) At least one Plan neutral physician selected pursuant to Section 3.3(a) below must find, under the standard of Section 3.1(d) below, that (1) the Player has become totally disabled to the extent that he is substantially unable to engage in any occupation or employment for remuneration or profit, excluding any disability suffered while in the military service of any country, and (2) such condition is permanent. If no Plan neutral physician renders such a conclusion, then this threshold requirement is not satisfied, and the Player will not be eligible for and will not receive Plan T&P benefits, regardless of any other fact(s), statement(s), or determination(s), by any other person or entity, contained in the administrative record.

(d) After reviewing the report(s) of the Plan neutral physician(s) selected pursuant to Section 3.3(a) below, along with all other facts and circumstances in the administrative record, the Disability Initial Claims Committee or the Disability Board, as the case may be, must conclude, in its absolute discretion, that (1) the Player has become totally disabled to the extent that he is substantially prevented from or substantially unable to engage in any occupation or employment for remuneration or profit, but expressly excluding any disability suffered while in the military service of any country, and (2) that such condition is permanent. The following rules will apply:

i. The educational level and prior training of a Player will not be considered in determining whether such Player is “unable to engage in any occupation or employment for remuneration or profit.”

ii. A Player will not be considered to be able to engage in any occupation or employment for remuneration or profit within the meaning of this Section 3.1 merely because such person is employed by the League or an Employer, manages personal or family investments, is employed by or associated with a charitable organization, is employed out of benevolence, or receives up to \$30,000 per year in earned income.

iii. A disability will be deemed to be “permanent” if it has persisted or is expected to persist for at least twelve months from the date of its occurrence, excluding any reasonably possible recovery period.

Plan Section 3.2 sets forth the “Social Security Standard for Eligibility.” It states, in relevant part:

(a) An Article 3 Eligible Player who is not receiving monthly pension benefits under Article 4 or 4A of the Bert Bell/Pete Rozelle Plan, who has been determined by the Social Security Administration to be eligible for disability benefits under either the Social Security disability insurance program or Supplemental Security Income program, and who is still receiving such benefits at the time he applies, will receive Plan T&P benefits in the amount described in Section 3.6, for the months

described in Sections 3.10 and 3.11, unless four or more voting members of the Disability Board determine that such Player is receiving such benefits fraudulently and is not totally and permanently disabled. If his Social Security disability benefits are revoked, a Player will no longer be entitled to receive Plan T&P benefits by reason of this Section 3.2(a), effective as of the date of such revocation. However, if such Player establishes that the sole reason for the loss of his Social Security disability or Supplemental Security Income benefits was his receipt of benefits under this Plan, Plan T&P benefits will continue provided the Player satisfies the rules for continuation of benefits in Section 3.8(a).

Plan Section 3.3 discusses the Plan's "Application Rules and Procedures." It provides, in relevant part:

(a) Medical Evaluations. Whenever the Disability Initial Claims Committee or the Disability Board reviews the application or appeal of any Player for Plan T&P benefits under Section 3.1 above, such Player may first be required to submit to an examination scheduled by the Plan with a neutral physician or physicians, or institution or institutions, or other medical professional or professionals, selected by the Disability Initial Claims Committee or the Disability Board and may be required to submit to such further examinations scheduled by the Plan as, in the opinion of the Disability Initial Claims Committee or the Disability Board, are necessary to make an adequate determination respecting his physical or mental condition.

Whenever the Disability Initial Claims Committee or the Disability Board reviews the application or appeal of any Player for Plan T&P benefits under Section 3.2 above, such Player may be required to submit to an examination scheduled by the Plan with a neutral physician or physicians, or institution or institutions, or other medical professional or professionals, selected by the Disability Initial Claims Committee or the Disability Board and may be required to submit to such further examinations scheduled by the Plan as, in the opinion of the Disability Initial Claims Committee or the Disability Board, are necessary to make an adequate determination respecting his physical or mental condition.

Any person refusing to submit to any examination will not be entitled to Plan T&P benefits. If a Player fails to attend an examination scheduled by the Plan, his application for Plan T&P benefits will be denied, unless the Player provided at least two business days advance notice to the NFL Player Benefits Office that he was unable to attend. The Plan will reschedule the Player's exam if two business days' advance notice is provided. The Player's application for Plan T&P benefits will be denied if he fails to attend the rescheduled exam, even if advance notice is provided. The Disability Initial Claims Committee or the Disability Board, as applicable, may waive the rule in the prior sentence if circumstances beyond the Player's control preclude the Player's attendance at the examination. A Player or his representative may submit to the NFL Player Benefits Office medical records or other materials for consideration by a neutral physician, institution, or medical professional, except that any such materials received by the NFL Player Benefits Office less than 10 days prior to the date of the examination, other than radiographic tests, will not be considered by a neutral physician, institution, or medical professional.

Plan Section 13.4 is entitled "Limitation on Actions." It states, "[n]o suit or legal action with respect to an adverse determination may be commenced more than 42 months from the date of the final decision on the claim for benefits (including the decision on review)."
